Korean Conflict — Joseph M.

Coulombe, Sigurd C. Olson.

The name of Frank Swan has

been called to our attention but

failed to find any record sub-

stantiating as to whether or

not he should be listed.

This list of names is being

published so that everyone may

have an opportunity to know

what is planned to put on the

plaque. Anyone having informa-

tion as to whether or not the

above list is correct, or that

names of any veterans from

Bethel who died in action are

left out, it will be appreciated

if you will contact the Town

Office within a few days with

whatever information that you

may have.

The annual application of as-

phalt on the streets and high-

ways was started on Monday.

As most of the ways are in

good condition only a seal

treatment is required.

The Zoning Board of Appeals

held a hearing on June 10th

and rendered an opinion in

favor of a permit being issued

to the Bethel Gun Club to main-

tain a rifle range on corner Ver-

Hayes - Farr
 Miss Avis Marie Farr, daughter of Mr. and Mrs. Willard Farr of West Paris, became the bride of Duane Cole Hayes, son of Mr. and Mrs. Roland Hayes of Greenwood, at a double ring service performed by Rev. Albert Coffey of West Paris, June 6, on decorated bistro at the home of the bride-groom.

Given in marriage by her brother, Willard Farr of West Paris, the bride was lovely in a ballerina length gown of white nylon lace over taffeta. Her veil of illusion was attached to a coronet of nylon and her bouquet was of white carnations with pink rose buds.

Mrs. Margaret Marston of Canton was her sister's honor attendant. She wore a dress of white linen with red accessories and she carried a colonial bouquet. Glenn Hayes, teacher at Greenville, attended his brother as best man.

Immediately following the ceremony a reception was held at the I.O.O.F. Hall, West Paris. The guest book was circulated by Miss Mary Boyle, West Sumner. Gift table hostesses were Miss Donna Andrews, Mrs. Martha Hazelton, Miss Joan Eastman and Mrs. Barbara Farr. Mrs. Ruth Emery served punch. Refreshments were served by Mrs. Marion Chase, Mrs. Stanley Cram, assisted by Everett Chase and Stanley Cram. Two beautiful wedding cakes were made by Mrs. Margaret Marston and Mrs. Barbara Farr.

Mr. and Mrs. Hayes were graduated from West Paris High School in June 1958. Mrs. Hayes has been employed in the office of the Paris Mfg. Co., South Paris, since her graduation. Mr. Hayes is a student at Gorham State Teachers College, where he will return in the fall after having summer employment at Portland. They will be at home at 12 Reed St., Westbrook.

Mrs. Ruth Emery entertained at a birthday party Monday afternoon on honor of her granddaughter, Christeen Emery's 8th birthday. She was assisted by Mrs. Muriel Baker. Games were played and refreshments were served after Christeen had opened her many lovely gifts. Attending were Christeen Emery, Charleen Emery, Raymond Mullen, Linda Mullen, Richard Ross, Eleanor Palmer, Maryann Palmer, Nancy Farr, Bonita Ellingswood, Patricia Todd, James Packard, Cynthia Morey, Sharon Stevens sent a gift but was unable to attend the party.

Children's Day programs were presented at the Finnish Congregational Church, Baptist Church and Universalist Church Sunday morning. Attendance and memory verse awards were given. SOIL CONSERVATION IN OXFORD COUNTY

By Lyman W. Jacobsen

Soil Conservation Service

Soil Conservation Service Technicians will assist in instruction of teachers at Conservation Workshop, under the supervision of Professor John Mudge, Farmington State Teachers College and Professor Robert Miller, Gorham State Teachers College.

Technicians S. Von Day, Cumberland County, and Lyman W. Jacobsen, Oxford County, will take part in the Conservation Workshop, at the Freeman-Waterhouse Campus at Bryant Pond. Frank Downie, Director of the Workshop, has announced that Day and Jacobsen will conduct the two day courses on soil conservation.

The first day will be spent in classroom discussion of soils—land use capability classes and soil conservation practices. The second day will be a field tour of farms where practices have been established on the land. The conservation campus operates from June 15 to July 24.

Director Downie says that "the main purpose of the summer course in conservation is to encourage the teachers to integrate what they learn about conservation of natural resources into their regular courses whether they are social studies, sciences, civics or even mathematics." Downie continues to say that "In a nutshell, we want to develop a proper attitude toward the natural resources of the State of Maine, in our young people, to

No rest for this Chevy... round the clock the engine never stops!

At Washington's bustling National Airport, Allied Aviation Fueling counts on its radio-equipped Chevy to get crews and tank trucks to the right planes at just the right time. Aside from occasional time out for the usual service, its Thriftmaster 6-cylinder engine has been running 24 hours a day for the past 9 months!

Once you've got that kind of endurance working you don't worry much about lost job time. Breakdowns go out of style the day your Chevy goes into action.

The fact is, Chevrolet trucks are dead set on dropping the word "downtime" right out of the English language. And they just might, if precision engineering and top-quality materials have anything to say about it. Chevy trucks are put together to stay together—incorporating the most advanced chassis developments, the most efficient 6-cylinder and V8 engine designs. They're built to last, built to keep Chevrolet's hard-earned reputation for reliability flying high.

Going into the real heart of Chevrolet advantages is where your dealer comes in. He'll show you, in feature after feature, that you can't buy more truck dependability—in any weight class—at any price.

No job's too tough for a Chevrolet truck!

THE PASSING OF THE OLD COUNTRY DOCTOR

Like many Maine towns Bethel needs more doctors. One of our present doctors is leaving to do more studying in his special field.

Years ago there was the family doctor. In my younger days we had one in Andover, a Dr. Tuckell. He came from New Hampshire, went to the old Johnstone Hospital in Philadelphia for his training. He had a very keen mind and was very expert in his diagnosis, especially in typhoid fever and pneumonia.

When I worked in the Andover post office years ago, a call came from Upton over B. Hill for the doctor, "would he come as quick as he could—a woman was very ill." It was snowing hard. He told them if the Andover breaking out team would go ahead over B. Hill and the Upton breaking out team would meet him at the train line he would come. The two towns agreed to do as he asked. I saw him start with a young lad to help him drive his two horses high. The next day at 11 a.m. I saw them come home, both the boy and the doctor asleep, the horses bringing them home.

Many a time he would drive up to a farm house and ask if he could borrow a team to help him on his way. He always got help. One man told me this of him. He borrowed this man's team. This was also over B. Hill and when he came back to return the team, the doctor asked the man how much he owed him for the use of his team. The man asked the doctor, "How much did they pay you for your help?" The doctor looked away and said, "just what I expected when I went, nothing." They smiled, winked at each other and the doctor went his way.

He was diabetic and in his last illness he had a carbuncle on the back of his neck and knew it would never heal. One day he sent for my uncle, John Talbot, to ask him if he would administer his estate. My uncle said he would! The doctor was quiet for a while. Then, looking up at my uncle, he said, "Uncle, do you suppose the minister would come to see me?" My uncle said he would ask the minister. "He may not come," said the doctor. "You know I haven't always done just as I should." The minister went to see him several times. When he died the whole town mourned his passing.

In locking over his estate my uncle found many servants marked "paid" where he knew the families never had any money to pay him. He took his pay in bar beef, pork, beans and potatoes. He had no kind bread. That was the passing of the Old Family Doctor.

Today our doctors have so many things of hand to help us get well, the X-ray, transverse oxygen tanks, shots of oil winds, water to help them reach their noses faster, the elixirs which bring babies and small children to them.

But we the people must realize that even the doctors of today are human, that they have careers that they also get tired that their patients is hard to the breaking point. I know for I did materially help the doctor in the home of Andover for several years did 24 hours a day doing the house-

SAFETY FILMSTRIP BEING SHOT ON MAINE TURNPIKE

A filmstrip showing perception hazards of driving on modern, high-speed highways is now being photographed in color on the Maine Turnpike near Portland.

When completed, the filmstrip will consist of a series of slides showing perception hazard scenes. When the strip is shown on the screen, the student or driver should be able to spot the danger quickly and then discuss how he would have handled the situation.

The film—which will be used in traffic safety work, high schools, colleges and driving classes—is being produced by New York University's Center for Safety Education and Shell Oil Company. It is part of a three-year safety project conducted by the Center through a Shell grant and is the second in a series covering "Perception of Driving Hazards." The filmstrip, produced in 1957, is being widely used in driver education classes in schools as well as by commercial fleet operators and all branches of the Armed Forces. According to Shell, the slides are being photo-enriched on the Maine Turnpike because it is an excellent example of America's limited access highways.

The filmstrip is being photographed with the cooperation of the Maine Traffic Authority and the Maine State Police.

DOMESTIC TRUNK AIRLINE STOCKS

The recent announcement that a specific proposal for a rate increase for the country's twelve large trunk airlines has been made suggests that this is a good time to look at the airline stocks for possible investment. Since the proposed increases and rate changes would be able to add \$100 million to the cost of each passenger ticket, an additional rate increase would also be able to bring the revenue of the twelve trunk carriers up to \$1,000,000,000. The rate changes, like those announced recently by Pan American, Trans World and United, the other major domestic trunk airlines, will be granted to bring the revenue totals up to something like \$1,100,000,000.

Rate increases have become an anomaly recently because airlines have raised their fares despite decreases in passenger load and the reduction of the service cost per passenger because they remain a major cost item in and item in the accounting of their net revenues.

Delta Air Lines introduced the Vicksburg International, which has been taken for a stock offering which resulted from the introduction of jet planes. Its initial offering included thirty six jet planes and twenty seven aircraft which are not yet in service. The Vicksburg planes introduced by Delta Airlines are also popular but not nearly as popular as the jet planes.

The new form of flying has an

undoubtedly increased airline passenger traffic as well as creating a larger percentage of passengers in each jet plane. American Airlines, as first in the jet field, has probably benefited the most, but Pan Am also has jet planes flying from coast to coast. On the New York to Florida run National is first with jet planes giving them a competitive advantage in this area.

At this time we feel that there are three airline stocks which offer excellent opportunities for capital gains. The first and probably the most conservative is American Airlines based on high earnings forecast for 1959 brought about by their strong competitive position as a result of their jet planes.

The second choice is Northwest Airlines which has shown an improvement in earnings which is expected to continue and which is currently attractively priced relatively. The third is Pan Am which has interesting speculative possibilities in view of reported earnings. The introduction of the new Boeing planes and the fact that it will be one of the prime beneficiaries of the proposed \$100 million per year rates.

MAN'S RECIPE

Mount Monadnock Chocolate Cake

I like chocolate cake, and a poll I conducted among friends and acquaintances indicates that of all the types of cake invented to date, a good chocolate cake rates at the top of the list.

Women folks had a much more diversified voting choice, but I think that is typical of feminine psychology. Since I began cooking a few years ago, I notice that men are straightforward and definite in their opinions, whereas a woman is much more likely to hedge and qualify her answers.

In the Golden Age of Cakes, a generation or more ago, good cooks liked to offer two or three kinds of cake at a meal. A woman didn't feel right if she offered guests just one kind of cake. Today, some men are lucky to get one kind. I'll be glad to hear what you think of this recipe.

Use one half cup butter or margarine, one and a half cups sugar, two eggs beaten, two squares melted unsweetened chocolate, one half cup whole milk, one and three fourths cups all purpose flour, one and a half teaspoons cream of tartar, three fourths cup boiling water, one teaspoon soda.

Cream butter and sugar; add beaten eggs and blend. Add melted chocolate and mix. Sift the flour and cream of tartar together and add alternately with the milk and beat thoroughly.

Add about two thirds of the boiling water and beat thoroughly again. Last, add the soda dissolved in the rest of the water, and beat as if your heart was in it. It makes a thin batter, but don't be alarmed. Bake in two eight by eight pans at 325 for about 45 minutes. It takes longer if you bake in one pan. Try this cake with plenty of white frosting. It is one of our favorites.

FIVE INDONESIANS VISITING MAINE

Maine is playing host for four weeks to five young women from Indonesia who are studying farm family living and Extension Service work. They are Miss Cornelius M. Blanjan, 23, of Bandjarmasin; Miss Irita Hadjin, 21, of Makassar; Miss Noerwanti, of Solo; Miss Rachmat, 23, of Malang; and Miss Anggita I. Manturi, 23, of Medan, all in Indonesia. They are Extension workers and one is a high school teacher. They will observe home demonstration work and live with farm families in Franklin, Kennebunk, Rumford, Washington, and York Counties.

They will also spend four days as a group in Oxford County and more than a week at the University of Maine, including attending the annual conference of the Extension Service. Making arrangements for their Maine visit have been Director George E. Lord and Administrative Assistant Harry R. Miller of the Extension Service. Lord is Maine contact for the International Cooperation Administration.

COUNTRY FLAVOR**Night Music**

Music in general is an uplifting influence, and it is regrettable that so many otherwise cultured persons take an intransigent attitude toward Culex Pipiens, commonly called a mosquito, although this small insect has on occasion been called other names. We understand that certain forthright, extrovert citizens, fishermen, for instance, express themselves with emphasis concerning this musical insect.

Mosquito music in the darkness of night has a quality that differentiates it from all other forms. When one first hears the high-pitched melody in the distance, instead of becoming annoyed he should listen for the subtle nuances, the delicate overtones as Culex advances and recedes. It is the lady mosquito to which does all the music-making in the family, and it is undoubtedly feminine whimsicality which so tantalizingly increases the melody and then paces into a diminuendo passage.

It is when the musical lady decides to come closer and the music becomes fortissimo that a man begins to wonder. Shall he turn on the light, get up, take a folded newspaper and start the safari in search of Culex? Or is it better judgment to lie still, to listen and try to appreciate the steady, humming until the lady lands behind his ear and thrusts in her sharp, red-hot poker?

A more or less casual poll indicates that most citizens decide to get up and chase the music. They circle the room a few times without success and then climb back into bed and turn out the light. It is usually about five minutes before one hears the music again, and about three minutes more before the needle pricks the skin. It would have been more sensible to stay in bed in the first place and try to appreciate the night music.

E. ANDOVER-ANDOVER

— Mrs. Violet Swain, Cor.

Mrs. Eva Marston was severely burned at her home on June 4 when a gas burner on the stove failed to light. Beaching across the burner it lit and burned her arm and set fire to her apron. She removed the apron and found the bottom of her dress was afire. In trying to get water to put the fire out she slipped and fell. She called her grandson, Gary, who came to her aid. She had managed to extinguish the flames but was badly burned. Her daughter, Mrs. Georgie Fraser of Fryeburg came to help over the past week end. She will take her two nephews, Charles Jr. and Gary back to Fryeburg with her. Mrs. Marston planned to go to Mexico with her daughter, Mrs. Edith McKay, on June 9. Being there she will be closer to medical attention. She kept house for her son, Charles, and his two sons.

On June 9 Mrs. Barbara G. Meisner entertained in honor of her daughter, Diane's, fourth birthday. Games were enjoyed and refreshments of cake, ice cream and kool-aid served. Children attending were Wyona Byron, Vickie Melander, Glendon White, Debbie Melander, Ross Swain, Everett Byron, Gail White, Wayne Clinton, Gary Melander, and the guest of honor, Diane Melander. Mrs. Violet Swain also attended. Diane received nice gifts.

On June 9 Susan Bell celebrated her sixth birthday with a party given by her mother, Mrs. Cecelia Bell. Games were played and refreshments served. Those attending were Wendy, Gail and Helen Glover; Brenda White; Gary Melander; Betty, Cindy and Ginny Bell; and Mrs. Harriet Glover assisted Mrs. Bell with the children.

Mrs. Marion Bragdon Davis and her son, Wayne, of Auburn, spent a few days visiting with Mr. and Mrs. Orville Melander and with other friends in this community recently. She came to attend the East Andover School Teachers reunion. She taught here in 1942.

Mr. and Mrs. William Simmons Sr. were in Portland on June 9 on business. Mrs. William Simmons Jr. stayed at Bill's Store.

Bruce McInnis of Dedham, Mass., was in town on June 6 to attend the Alumni Ball, the guest of Miss Jean Simmon, a member of this year's graduating class.

Miss Jean Simmon left June 9 for Middle Dam where she has summer employment.

Mr. and Mrs. Howard Glover and Nancy were in Canton on June 9 to visit with her sister and husband, Mr. and Mrs. Peter Touchette and family. Nancy stayed there to be a guest of her aunt for several days.

Charles White has started his new home that will be on property next to his store.

On Tuesday, June 9, Mrs. Urifred Tucker was hostess to the members of the Community Club. The club now has a membership of 19 active members. Three attended this meeting. Letters were read. The Mother Daughter Banquet cleared \$10.00. The Sunshine Committee had remembered Norman White. The new committee will be Mrs. Myra Crocker and Mrs. Mary Crocker. Urifred Tucker won the mystery package. The next meeting will be July 14 with Mrs. Violet Evelyn. Games were enjoyed and refreshments served. Leona Mrs. Grace Cimino's birthday.

Mrs. William Simmon Jr. has completed her work at L.

Miss Darline Tucker left for Sussex, N. J., for a month's visit with Mr. and Mrs. R. D. Parker.

Mrs. Mervin Farrington entered the Community Hospital on June 7 for an appendectomy. Her mother is caring for her three sons.

Mr. and Mrs. George Barlow Sr. attended the graduation of their nephew at Bethel Grammar School on June 9.

Word was received in town on June 10 of the death of Norman (Paul) Cox of Zeigler, Ill. He was the husband of Roberta Abbott Cox and the father of two daughters. Mr. Cox had served in the Navy. He was a victim of leukemia. His father and an older brother, both died of this disease. Mrs. Cox expects a new baby in August. Her mother, Mrs. Dorothy Abbott left the last of May to be with her daughter.

A moose visited in the back yard of Lester Farrington on June 7. Mr. Farrington walked up quite close and took pictures of the animal. It was seen again in that vicinity the following morning.

The Ladies Aid met at the home of Mrs. Alma Hewey on June 10. A good attendance was there and most of them worked on articles for a future sale. The next meeting will be at the parsonage and later they will all go to the home of Mrs. Emily Thurston for the meeting. Refreshments were served.

On Friday, June 12, 15 members of the Andover Friday Club and four guests met at Snow Valley Inn for a luncheon meeting. A delicious meal was served. Following the luncheon the group retired to the reception room for a short meeting and election of officers.

Plans for a Flower Show were discussed. The new programs were submitted by the Program Committee. Mrs. Ann Fox, Mrs. Marie Lang and Mrs. Laura Learned. Hostesses will choose their own dates. The Andover Friday Club was organized in 1926 and Federated in 1926. Two Charter Members, Mrs. Lucie Swain and Mrs. Emily Thurston were present. Two others, Mrs. Gertrude Poor and Mrs. Helen Ripley were unable to attend. There is one other Charter member still living, Mrs. Katherine McAllister, who now lives on the Pacific coast.

Discussed keeping a scrapbook of the club's activities. Newly elected officers for the coming year are President, Mrs. Lucie Swain, Vice President, Mrs. Ann Fox; Secretary, Mrs. Marjorie Harmon; Treasurer, Mrs. Adelia Morton. Those present at the Luncheon were Mrs. Madeline Wentzell, Mrs. Mary Crocker, Mrs. Lydia McGrevor, Mrs. Ruth Akers, Mrs. Eddie Palmer, Mrs. Marjorie Thomas, Mrs. Ann Fox, Mrs. Emily Thurston, Mrs. Lucie Swain, Mrs. Elizabeth Eichards, Mrs. Elsie Dresser, Mrs. Marie Lang, Mrs. Laura Learned, Mrs. Marjorie Hanson, Mrs. Adelia Morton.

BRYANT POND

Mrs. Edith C. Abbott, Corres.

Miss Hilda Henley was the guest of honor at a bridal shower given by her sister, Mrs. Margaret Roberts, and Mrs. Leatrice Chase, at Mrs. Roberts' home, Saturday night, June 13. Those present were Evelyn Gerrish, June Seames, Dorothy Bean, Kaye Ring, and Margaret Roberts, Bryant Pond; Mr. and Mrs. Albert Henley, and Leatrice Chase, Locke Mills; Mrs. Glennis Henley, Mrs. Margaret Walker and Mrs. Geraldine Hart, Bethel; and the guest of honor. Those unable to be present and sending gifts were Beverly Roberts, Eddie Seames, Nonie Cole, and Bea Henley, all of Locke Mills. Refreshments were served and the honor guest received many nice gifts. Miss Henley plans to leave for Florida, Saturday, June 20, where she and Stanley Walker will be united in marriage.

An accident occurred at the Woodstock High School vs. Alumni game, Wednesday night, when Myron Harlow and Stephen Howe collided with a good deal of force. Harlow received a severely lacerated upper lip and was knocked unconscious. At the Norway Hospital, where he was taken, it was found that the facial bone was bruised. Howe received a cut upper lip, the loss of two teeth, and a severe gash on his ankle which required several stitches. Both were treated by Dr. Thaddeus Root at the scene of the accident.

The W. H. S. Alumni Banquet was held at the Grange Hall Thursday night with a large attendance. The following officers were elected for the coming year: President, Edwin Howe; Vice President, Stanley Morgan; Secretary, Mrs. Renata Howe; Treasurer, Mrs. Verma Swan. Gifts were presented by the organization to Mrs. Elsie Cole, who is retiring and to Mrs. Avis Herrick, who is leaving for another position.

Mr. and Mrs. H. Stanley Andrews and Mr. and Mrs. Milton Mills are spending the week at Beckwood, Moosehead Lake. Mrs. Henry Morgan is caring for the Andrews children.

District supervisors Oxford County Soil Conservation District, W. Henry Allen, of Hebron, on left and Robert Hastings, Bethel, inspect land leveller at Poland demonstration.

A training school for district supervisors and technicians of the Soil Conservation Service was held recently at the Lincoln Ferland farm in Poland. Attending were Allen, Hastings and Lyman Jacobsen, Oxford County soil conservation

technician.

Land levelling is relatively new in Maine. The machine used to smooth land for hay, pasture or crops is 12 feet wide with an 8 foot 3 inch blade or planer.

Most land can be fitted by three trips around with the leveller. The main idea in land smoothing is to make surface water go off the land in a thin sheet, and to prevent winter killing from water remaining in pockets or depressions

spending the summer at the "Hornets Nest," the Howard and Vaughn camp on Pond Brook.

Mrs. Bertha Storey is very ill at the hospital in Stewartstown. Mrs. Storey is 91 years old.

Miss Patricia Lane of Errol is waiting tables at Big Buck Camp on Sturtevant Pond.

Wendell and Larry Bragg are working for the Brown Co.

Gordon Angevine, son of Mr. and Mrs. Everett Angevine of Rumford, a graduate of Stephens High School, Class of 1958, joined the U. S. Air Force in March, going to Lackland Air Force Base in San Antonio, Texas, for basic training. He is presently stationed at the Sheppard Air Force Base in Wichita Falls, Texas, where he is attending an electronics school. He expects to be home on leave in October. He has received his first rank and is now Airman 3rd class.

Miss Beatrice Littlehale held services at the Wilson's Mills church Sunday morning.

Miss Elizabeth Vaughn of Colebrook, with her family, is

day, August 14. Committees were appointed. A quilt was tied after the meeting.

Mrs. Everett Burnham, Mrs. Raymond Burnham, Joyce and Rayann, attended the graduation exercises of the Otisfield Central School at Rayville Church on Tuesday evening, June 9.

WEST BETHEL PRIMARY SCHOOL

During the last twelve weeks Nancy Hutchinson, Valerie Clough, and Preston Merrill, had a perfect attendance record. Nancy Hutchinson's record of 177½ days was our best one for the full year.

Those having the greatest number of perfect lessons in spelling throughout the year were Brenda Saunders, grade 2; Robert Hibbard, grade 2;

and Lee Gilbert, grade 1. On our room chart for writing we received a gold seal for each month's unit of work, and the final large embossed gold seal and blue ribbon.

Wednesday, June 10th, we held our annual picnic in the pleasant pine grove nearby. Hurrah for summer vacation!

Good Printing

SERVES EVERYBODY

Good printing is a necessity in all forms of business. It can save hours of work, speed up routine tasks, eliminate common errors and help to avoid misunderstandings and costly delays or actual loss of business revenue.

Good printing is a convenience in the home. Inexpensive personal stationery is not only economical and in good taste but it is plain "good business" when used for other than social purposes. One's name and address plainly printed offer exact information of your identity in occasional correspondence.

The latest in modern business forms can be adapted to use in

many comparatively small businesses. As a matter of economy of time and money, it will pay to see what we can do for you in this line.

Remember that printed matter can be bought at widely varying prices. The bargain hunter can only hope to get his money's worth. The cost of good printing need not be high, and the buyer is assured of satisfaction.

It will be of advantage to all users of printed matter to consult us before buying. We can supply calendars, NCR and one-time carbon forms, many kinds of forms and office supplies promptly and economically.

SO THEY SAY...

"Inflation, as a problem compared to inflation, might be put in the same class as the common cold compared to double pneumonia," Thomas E. Patten, President, Republic Steel Company.

"Nowhere here anywhere find things to cost more than they have the ability to earn," Director Family Group, publication of C. H. Dexter & Sons Company.

"Inflation is not caused by a mysterious virus which we cannot find, nor by nature's violence, like a hurricane, which we cannot control. Inflation could be stopped if we really wanted to," Industrial Press Service.

Week ends are dangerous on the highway, especially during the summer vacation months. The Maine Highway Safety Committee asks each of us to do more than his share to prevent accidents. That means driving carefully always and all ways.

Are you really in that much of a hurry? The Maine Highway Safety Committee reminds us that other motorists are anxious to get somewhere, too. Let's make certain that we take time enough to be safe. Don't take unnecessary chances!
